

Annexure - 8

Increasing Shelf Life of Neera (Microbial Membrane Filtration Technology)

- ❖ The mini sequential membrane filtration model was developed and the evaluation of Palmyrah Neera shelf life is tested.

- ❖ The pilot scale Palmyrah Neera plant fabrication for Upscaling neera filtration is completed and the evaluation of Palmyrah Neera shelf life is being tested.

- ❖ The weightless aseptic Palmyrah neera collection device was developed.

- ❖ In order to coordinate the Neera collection from farmers android mobile based application software designing has been completed.
