International Workshop on *Engineering Approaches for Sustainable Food Systems*

FoodXplore'23

"Water is life, water is food. Leave No One Behind"

30th November 2023

Anna Auditorium, TNAU

Organized by

*B. Tech. (Food Technology) Students
2020 Batch*

FoodXplore'23

"Food Xplore," an International Workshop held in commemoration of "World Food Day," revolves around the profound theme, "Water is Life, Water is Food . Leave No One Behind." This event serves as a pivotal platform for experts and enthusiasts alike to convene, fostering the exchange of invaluable insights into the realm of food technology advancements, emerging food processing trends, and the latest discussions within the sector. Participants engage in robust dialogues about pressing industrial challenges, collectively striving to unearth innovative solutions, thereby propelling the food industry towards a more sustainable and equitable future.

About TNAU

Tamil Nadu Agricultural University (TNAU), entrenched in 1971, stands as a beacon of agricultural innovation and research in India. Over the years, TNAU has made significant contributions through its patents and research papers, driving advancements in the field of agriculture. Its commitment to farmers' welfare is unwavering, with numerous outreach programs, advisory services, and initiatives aimed at empowering farmers with the latest agricultural knowledge and techniques. TNAU's multifaceted approach, spanning research, education, and community engagement, continues to play a pivotal role in the sustainable development of agriculture and the upliftment of farmers in Tamil Nadu and beyond.

About AEC & RI

Agricultural Engineering College & Research Institute, a technological hub institute with renowned excellence is the pioneer in offering Agricultural Engineering degree programme in South India. The campus has been awarded as "The Best College" amongst the other constituent and affiliated college in TNAU . It mentors four degree programmes namely B.Tech(Food Technology) B.Tech(Agricultural Engineering) B.Tech(Energy and Environmental Engineering) B.Tech(Agricultural Information Technology).

About Food Process Engineering

The Agricultural Engineering College and Research Institute began offering the B.Tech (Food Technology) degree in 1998. This Science discipline examines the methods used in the manufacture ,processing ,preservation, packaging, labelling ,quality control and distribution of food. There are a total of 11 courses offered by this department ,M.Tech in processing and Food Engineering is offered by the Department of Food Process Engineering, AEC and RI ,Coimbatore campus.
