No. CEMB/CPBG/Genotyping services/2023 dated 14.02.2023

Sir/Madam,

Sub: CEMB-CPBG-Genotyping services-on cost basis-information-regarding.

-*-

I wish to inform that the Centre of Excellence in Molecular Breeding (CEMB) is functioning at the Directorate of CPBG, TNAU, Coimbatore, with state-of-art laboratory facilities for conducting molecular breeding research. It offers genotyping services for the research scholars, scientists of TNAU and other institutes on a cost basis.

Following are the fees (Revised cost from 01.02.2023):

Sl. No.	Item	Staff and students of TNAU	Staff and students of other Institutes
1.	Plant DNA extraction <ul style="list-style-type: none">Includes: DNA extraction (mini prep.) and DNA quantificationFor in-house use only	Rs. 25/- per sample	Rs. 25/- + 18% GST per sample
2.	Genotyping with molecular markers (SSR/RAPD/ISSR) <ul style="list-style-type: none">Includes: DNA quantification, PCR, Electrophoresis in Agarose gel and preparation of marker data in Excel formatMarker cost is extra	Rs. 30/- per sample per marker	Rs. 30/- + 18% GST per sample per marker
3.	Service charge to use Fluidigm SNP system per IFC plate <ul style="list-style-type: none">The User has to bring all the reagents, IFC, consumables, pipettes, etc.Shipping of reagents, etc., is the responsibility of the User only.CEMB will provide the Fluidigm SNP system alone.The outcome of the result is the responsibility of the user only. CEMB will not take any responsibility.Payment should be made prior to the use of the equipment.Prior appointments should be made with the CEMB staff.	Rs. 10000/-	Rs.50000/- + 18% GST

Contact person: Dr. N. Manivannan, Professor (PBG), CEMB
(Mobile: 9894795694; Email:cemb@tnau.ac.in)

Hence, I request that this information may kindly be circulated to all staff and students of your campus.

R. RAVIKESAVAN
